

Financial Aid Comparison Worksheet

Financial circumstances shouldn't limit your potential. We're here to make it possible for talented students to join our community and explore all it has to offer.

100% Need Met

We work with your family to determine what you can pay toward college costs, then we cover the rest.

No Loan

We don't expect you to take out student loans when you attend Hopkins. Your financial aid offer is designed to cover your costs with Hopkins Scholarships—money you don't have to pay back.

Need Blind*

Your need for financial aid is not considered in our admissions process. Our decisions are based solely on your achievements and potential.

*For U.S. citizens, permanent residents, and eligible non-citizens.

Cost Comparison Chart

Use this section to compare estimates from cost calculators at your top-choice universities.
